Parks and Recreation News:

Several new and exciting programs are being offered this summer through Tully Parks and Recreation. Yoga for Kids, taught by certified instructor Kate Shaw, is an introduction to yoga in a fun and playful format. Children will sing, dance, read and play games while learning basic yoga concepts and postures.

Also, Kids Summer Clay Classes, taught by Jeremy Randall, owner of Rusty Wheel Pottery. This program is designed to teach kids the basic skills necessary to make things out of clay, including hand building and some wheel throwing techniques, all while working in a communal, studio environment. Both of these programs are a great opportunity to try something new and exciting. Registrations can be found on the Tully Schools website (www.tullyschools.org) Community link. Register now, space is limited.

Fall Rec Soccer registrations are also located on the Tully Schools website (www.tullyschools.org). Programs range from Kindergarten (Fall 2017) to 6th Grade. Coaches are always needed, no coaching experience is required, just be energetic and excited to help teach basic skills and organize your team.

COMMUNITY DAY – SEPTEMBER 9TH

This year the Tully Area Historical Society will be sponsoring a COMMUNITY DAY (previously called Community Fair) on Saturday, September 9th. Crafters/Vendors will be set up on the Elementary School Lawn in 10'x10' spaces and Tully Masons will have a food concession. T.A.G. will be having their Annual Garage Sale across from the school. It is hoped that organizations, businesses, and other individuals (young and old) will become involved in making this a Community wide event. Businesses could offer a SPECIAL that day. Parade participation is encouraged for all businesses, organizations and individuals. Monetary prizes will be given to Best Business Float, Best Organization Float, Best Marching Unit, Best Costumed Pet, and Best Decorated Bike or Tricycle. The parade route will begin on Meetinghouse Road and travel up State Street to the Elementary School. The feeling is early notice of this event will allow plenty of time for planning. A mailing will be going out to crafters, organizations and businesses soon. For further information, please feel free to call the Historical Society at 315-696-4681

Neighbors Make The Difference Day

Nearly 6,000 KeyBank employees across the country came together to give back to their local communities for Key's annual Neighbors Make The Difference Day on May 26, 2017. By contributing their time and talents to local non-profit organizations, Key Bank employees demonstrate "Community is Key" and uphold the Key Values of Leadership and Teamwork.

Tully's KeyBank employees assisted in setting up the Military Display at the Historical Society. Their assistance was greatly appreciated, and many positive comments were received as visitors toured over Memorial Day weekend. This display will remain in place until July 8th. Please stop in at 24 State Street to view at your leisure.

Fire Department To Do Preplanning

In an effort to ensure a safer and more efficient responses to emergencies and to further their training, the Tully Hose Company will be walking the village to preplan properties. What does pre-planning mean? It is a visual inspection of the property to observe any obstacles or unique elements of the property in case of fire or any other emergency that may arise. They will be noting such things as the nearest hydrant, building construction, roof access and locations of doors and windows. They will also observe for hazards to firefighters such as power lines, trees, propane grills, etc.

If you are at home when the fire company conducts its preplan they may have some questions for you such as location of interior staircases, basement and attic access, whether smoke detectors and/or carbon monoxide detectors are in use and whether there are any children, elderly or disabled persons living in the home. If you have questions about fire safety such as placement of smoke detectors, escape plans or fire hazards please feel free to ask the firefighters who come to your door. If you are not at home, when the preplan occurs firefighters will be leaving a form for the home owner or occupant to complete. This form will ask many of the questions they would ask if you were home.

The activity is planned for Monday June 26th, as their weekly drill. Your cooperation and assistance is entirely voluntary and you do not have to answer any questions or allow firefighters into your home. However, the intent of conducting this pre-planning exercise is to make the fire company's response to your emergency faster, more efficient and safer for all involved and therefore your cooperation and assistance would be greatly appreciated.
