TULLY NEWS

SERVING THE PEOPLE OF TULLY

To keep collection running smoothly:

I have had more than one request from agencies in and around the town to put some gentle reminders out about our trash collection policies and reminders. As a resident, it seems to be working out well and I have only heard of a few mishaps that were easily rectified. Having mentioned that, if you have an issue with your garbage collection, you should contact Dependable Disposal directly at (315) 472-7455 or (315) 689-9588.

From the Town, Village and Postal Carriers: It is asked that once your garbage has been collected that you bring your cans back away from the road. This is due plowing concerns and attempting to get to your mail boxes.

The following is from Dependable Disposals web site (<http://dependable-disposal.com>) Please use the specially designed Dependable totes.

Please place **everything** in the tote, even if the lid doesn't close.

Please put each tote on opposite sides of your driveway or leave **at least three (3) feet of clearance** if placing them next to each other. This is due to the robotic arm which lifts your cans.

Please place your totes as close to the edge of the curb as possible and face the arrows on the lid toward the street. Please have your totes out the night before pickup.

Dependable collection begins at 6 a.m.

Again, it is essential these steps be followed so that Dependable can provide the best service possible. Your cooperation keeps Dependable trucks running efficiently and providing the best service possible.

The Community Meeting for Traffic Safety in the Village of Tully

Tully Action Group has taken an interest in helping the Village accomplish a goal of slowing traffic in the Village of Tully. A meeting to discuss the process, including fund raising ideas, was held on February 7th after invitations were sent to the local school, social and safety agencies. Our Mayor, Melissa Flint-Morgan, has researched different kinds of speed radar signs that could, at the minimum, flash the required speed limit as cars and trucks enter the village. Final decisions will need to be made to determine the most effective types of signage, options for the Village budget and other fund raising methods. TAG and Mayor Flint-Morgan will continue their involvement to notify the community on the progress to keep our citizens, especially our children, safe from speeding traffic.

Interact News

The last couple of months have been very productive. We had 37 students volunteer more than 85 hours over many different events.

Events included:

- Turkey Trot at the Tully Free Library
- Tully JSJS Craft fair
- Otisco Fire Department Pancake Breakfasts
- Fresh food giveaways at St. Leo's Church
- Packing Christmas boxes for PEACE
- Making sandwiches for the Samaritan Center

Our most recent Interactor of the Month was Chelsie Trafton. Congratulations to Chelsie for all of her hard work with 5.25 hours of volunteering over a 16-day period and a total of 17 hours in four months! She also invited two friends to become new Interact members. She was recognized with her family at the Rotary Business Backstory at the Tully Art Works. As a reward she excitedly selected a donated gift certificate from The Local Food Market, one of the many local businesses in our community who generously donated to our Interactor of the Month program.

A summary of our service from July 1 - December 31, 2018 shows our group (42 different students) have volunteered over 300 hours to support our local community, Central New York and the world (through our Polio project).

In Interact we have many students and parents willing to give their time to contribute to our community and we are always looking for new members and new projects. Members need to be in grades 7 - 12. If you have a project you'd like help with, we'd love to help. Please contact us at tullyinteractclub2018@gmail.com.
