Insight for the 2019 Kings Corner Market Nights

Come Join us Tuesdays in August 4pm-7pm Rain or Shine!

We hope everyone is soaking up the glorious July sunshine, swimming in our beautiful lakes, and enjoying the wonderful locally grown produce that is starting to grace our farm stands! With that, we'd like to keep rolling on the Kings Corner Market progress for this August. We have over 20 vendors already signed up, ranging from freshly made granola, to lettuce mixes, to pasture raised chicken, beef and pork. Not to mention all of the talented crafters participating as well! We are welcoming back many returning vendors, as well as some new great additions, and are still looking for some bakers, so please encourage your favorite local bakery to participate.

We will be taking vendor registrations until July 15th. This year we'd like to remind all vendors that we are asking for a deposit of \$20 and you will receive a \$5 refund for each Tuesday in the month of August that you participate, thus still keeping it a free market. This is a trial year for this change and we will reexamine it at the end of the market this year.

We have warm and cold food options available on Market's nights for easy dinner options, and are still looking for local food vendors so if you are aware of a food truck or a restaurant or group that is able to commit please encourage them to sign up!

The Tully Arts Council has locked in live music for each week this year so get ready to enjoy some local entertainment while you shop and visit with your community. The musicians will be set up at the Cornerstone Park, close to all the vendors and activities.

As we have done in the past, we will continue to sell the Tully, NY Pint glasses and stemless wine glasses as well as the Kings Corner Market t-shirts, a fresh new batch are on their way. Some vendors will have them for purchase throughout the market and they can be found anytime at Earth 2 Soul and Rusty Wheel Pottery. The profit from the glasses and t-shirts goes towards our advertisement for the Kings Corner Market each year.

We are looking forward to another successful market thanks to our dedicated buyers, sellers and community!

Music in the Park News

We will soon conclude our first Music at Cornerstone Park series. With a limited budget we experimented with different types of music and introduced some new talent.

Now we would like to hear from you. Please comment on the type of music you would like; if we should 'pass the hat/donations'; what can be improved? How we can reach a greater audience. Please send comments to mtnhigh.ny@gmail.com or place your comments in the 'Music in the Park' suggestion box in the foyer of the Town Office Building-Meetinghouse Road.

Our last concert is July 28 and we hope you'll join in with your Woodstock tye-dies and peace signs to commemorate the 50 year anniversary! Remember local food/take out, specialty coffees and ice cream are available. Bring your chairs and friends!

Thanks to everyone for attending and your support - so important to keep this series going and we are grateful!

Wild Parsnip - Beware!

The DEC and Cornell are both warning people about an invasive weed that has become a problem in our area: wild parsnip. Wild parsnip looks like Queen Anne's lace, only it is more robust, and with a taller (up to 5'), yellow, flower. Often found in open fields and lawns and along roadsides, the stems are hollow, grooved, hairless, thick and juicy, resembling celery. This weed is not only invasive, but it has the capacity to cause harmful burns when the juice gets on the skin, particularly in the sunlight.

The DEC advises cutting the root off a few inches below the ground or pulling the whole plant out to remove it, although mowing before seeds develop can work as well. It is most important to cut down the plant before the flower heads turn to seeds in order to stop its spread. If disposing of flower heads that have gone to seed, it is suggested that they be put in a black plastic bag and left in the sun for one week to kill the seeds.

Contact with any part of the plant should be avoided, especially with the sap. Long sleeves, long pants, and gloves are recommended. If there is skin contact with the sap, immediate washing with soap and water and covering it for at least 48 hours is suggested to prevent exposure to sunlight. If there is a reaction (a burn), a visit to a health care provider is recommended.

TAG News

Peter and Jack have been working diligently on the trails and invasive species at Tracy Lake and South Meadows. If you can volunteer, please let them know through larrinanj@gmail.com - it is a great learning experience! But do get out and enjoy the peace and beauty of these areas.

Just a reminder...the new fountain in the park will be completed this year and will include the final section of engraved pavers for the Celebration Walkway. A few spaces are left and now is the time to make your request to celebrate someone you know! Please contact Janet, jlhb55@aol.com.

How are those sun flowers growing? If you would still like to enter the contest - forms will be at Cornerstone Park on Sunday night!

Please stop down to the Kings Corner Market on Tuesdays in August for local arts, food and MUSIC! TAG will have some fresh flowers and honey!

Tully Arts Council presents HANS CHRISTIAN ANDERSEN!

August 9th and 10th, 7 PM, August 11, 2 PM, Tully High School Auditorium

From The Ugly Duckling to The Little Mermaid, Hans Christian Andersen's stories have sparked countless imaginations for centuries. With music by legendary composer Frank Loesser [Guys and Dolls], Hans Christian Andersen is a joyous musical storybook that brings the timeless tales (and the man who created them) to life onstage.

Our summer show this year, Hans Christian Andersen follows the beloved storyteller's journey from being a humble cobbler to an acclaimed writer. Along his journey, Andersen discovers the magic of chasing your dreams and believing in yourself. It is based on the 1952 film starring Danny Kaye and features classic songs such as "Wonderful, Wonderful Copenhagen," "Inchworm," "The Emperor's New Clothes," "Thumbelina," "Anywhere I Wander," and more!

The perfect show for every member of the family. This is also the FIRST time this musical has been presented in Central New York, so come and be among the first to see this great show!

Tickets are \$10 for adults and \$7.00 for children 10 and under, and are available at the Tully ArtWorks box office, 5 Elm Street, or online at:

<https://tullyartscouncil.ticketleap.com/hans-christian/>

Tully Newsletter-Parks and Rec

The Town of Tully Parks and Recreation department would like to thank Jack McNerney Chevrolet for their continued efforts in supporting youth baseball, softball and soccer in our community!

On July 13th the Syracuse Mets partnered with Chevrolet to offer a free youth baseball clinic at NBT Bank Stadium in Syracuse. Several Tully baseball and softball players participated in the event. Without the efforts of Jack McNerney and Chevrolet our programs would be as successful.

Don't forget Green Lake beach is open daily from 12-8 pm. Weather and decreasing daylight can force slight changes in the hours of operation. In the event of a thunderstorm Green Lake beach will close, when the weather improves the beach will open back up for swimming. Green lake will close for the summer on or around August 24th (depending on lifeguard availability).

Please remember to clean up after yourself when at the beach, dispose all garbage in the waste cans, and please remember to take your towels, beach toys and swim gear home with you when you leave.
