Veterans and their families are encouraged to participate in the parade that follows the ceremony and transportation will gladly be provided for those that do not care to walk. Names of those currently serving in the military will be read. If you know of someone currently serving, please contact the Historical Society at 315-696-4681 with their name, branch of service, and if you know where they are stationed or serving would be helpful.

All organizations and businesses that care to join in with a marching group, float or motorized vehicle in the parade should be at the Elementary School bus garage by 9:15 a.m. Also welcome to participate are horseback riders, red/white/blue decorated bicycles, and antique cars/trucks.

Military Display

Stop by to view our annual Military Display in the sanctuary of the Tully Area Historical Society Building. Beginning May 21st, there will be over 200 pictures of Tully servicemen and women in uniform along with information pertaining to their branch of service, rank, where served and special honors. In addition, there will be copies of letters written during the Civil War by an ancestor of Rusty Spaulding, a variety of military uniforms, plaques, and newspaper articles.

Should you have a family member you would like included in the display, stop by the Historical Society to pick up an information form, supply a picture (preferably in uniform), which will be scanned and returned immediately to you. We are very proud and appreciative of the many men and women who have served our Country.

We will be open on Monday, May 30th from 8:30 a.m.-2:00 p.m.

Train Station Update

The Train Station should be available to rent the first of June. Call Tully Area Historical Society (696-4681) or check the Historical Society website for updated rental rates.

A great location for graduation celebrations, family gatherings, or business meetings.

Cornerstone Park

The Syracuse Highland Pipe Band (20 members strong) under the direction of Jack Heins will be performing in Tully on June 26 at Cornerstone Park at 6:30pm. Scottish Bag Pipes, songs, dancing and story telling will provide a wonderful cultural and entertaining experience. Mark your calendars!

Advisory

As the weather warms up, you may be cutting your grass more frequently. Please remember NOT to leave any clippings on the roadway as they can pose a serious hazard to some vehicles, particularly motorcycles.

You may have never thought about it, but grass clippings can act like a sheet of ice in the middle of summer. Remember to blow your grass clippings off the street, there is a LIFE riding on it. This is not only inconsiderate and dangerous but illegal !

Tully Native Serves as a Member of U.S. Navy's Submarine Force

By Petty Officer 1st Class Patricia Rodriguez, Nave Office of Community Outreach (edited)

NORFOLK, Va.—A Tully, New York, native is serving aboard USS New Mexico, one of the world's most advanced nuclear-powered submarines.

Petty Officer 3rd class Aaron Wintermute joined the Navy three years ago. Today, Wintermute serves as an electronics technician navigation.

"I joined the Navy after realizing that college wasn't for me," said Wintermute. "My dad served in the military and told me about the technical training I could get from joining. The Navy beat out other branches for technical training and I love the water."

Growing up in Tully, Wintermute attended Tully Jr. Sr. High School and graduated in 2014. Today Wintermute relies upon skills and values similar to those found in Tully to succeed in the military.

"Back home, I played baseball throughout high school and college," said Wintermute. "Being able to work with a group of guys really helped me when I joined and realized the Navy is one giant team."

These lessons have helped Wintermute while serving in the Navy.

Known as America's "Apex Predators," the Navy's submarine force operates a large fleet of technically-advanced vessels. The submarines are capable of conducting rapid defensive and offensive operations around the world in furtherance of U.S. national security.

Wintermute and the sailors he serves with have many opportunities to achieve accomplishments during their military service.

"I received a Navy and Marine Corps Achievement Medal for a huge corrective maintenance job that took my division over a month to fix," said Wintermute. "Because we were able to fix it, we could get underway. It was very rewarding to be recognized and to see the hard work that was put in and seeing it work properly."

As Wintermute and other sailors continue to train and perform missions, they take pride in serving their country in the United States Navy.

To me, serving in the Navy means carrying on a tradition," added Wintermute. "My cousin is serving, my grandpa served, my uncle was a submarine guy, so it's definitely in my family. Serving has made our bond stronger."

Free Shredding Event for Tully Residents

June 4th 9am to Noon

Town Hall Parking Lot on Meeting House Road

The Town will be hosting a free shredding event for all Village and Town residents – and businesses, too!! Bring your paperwork, tax documents, bank statements and bills to the parking lot at the town hall to be securely shredded and taken to a waste management site for recycling (proof of residency required).

If you haven't had a chance to stop by the municipal building, you should make an effort to do so. The walls are lined with history, this is just one of the items you will find.
